Program Description

Bilingual (Spanish) mode also is offered.

Students enrolled in the Nutrition and Dietetic Technician associate degree program will complete all of this certificate's required courses as part of their program. Students have the opportunity to learn about safe food handling, meal planning, menu management and supervision. Students are eligible for ANFP Pre-Professional membership and upon successful completion of the program, graduates are eligible for the ANFP professional membership. A Registered Dietitian Nutritionist directly supervises a minimum of 25 of the 30 nutrition-related field experience hours and coordinates the entire 150 hours: 150 hours of precepted field experience overseen by a Registered Dietitian.

Upon completion of this certificate, students are eligible to take the nationally recognized CDM Credentialing Exam offered by the Certifying Board for Dietary Managers. These professionals work in a variety of healthcare and institutional food settings.

Some certificates can be earned while completing associate degrees and/or technical diplomas that are eligible for financial aid. Certificate programs alone are not eligible for financial aid; contact MATC for details. All credits in certificate programs must be earned at MATC with a 2.0 cumulative GPA or higher. Upon completion of the certificate's requirements, the student's transcript is notated with the credential earned.
