Location: Online Campus

Start Dates: August and January

Admission Requirement: High school diploma or GED and one year of high school-level chemistry required. This program admits students through a petition selection process. See the program’s webpage at matc.edu to view the petition process and all requirements.

Financial Aid Eligible: Yes.
Apply at fafsa.gov. Use School Code 003866.

CREDITS

Total credits needed to complete this diploma

33

‡ Prerequisite required.

^ Counts toward earning the Healthcare Customer Service certificate.

Program curriculum requirements are subject to change.

Current MATC students should consult their Academic Program Plan for specific curriculum requirements.

Program Description

You will be prepared as an entry-level coding specialist after learning medical diagnosis and procedure codes using two coding systems for billing and data collection. Graduates can be certified through the American Health Information Management Association and the American Academy of Professional Coders.

Career Outlook

Employment opportunities exist in hospitals, clinics and physicians’ offices.

Program Learning Outcomes

- Collect health data.
- Model professional behaviors and ethics.
- Use electronic applications to support coding and data collection.
- Apply coding and reimbursement systems.
