Program Description

This program is for bilingual (English/Spanish) students.

Interpreters form a vital link in providing better healthcare. This program prepares you for employment to facilitate the communication, in Spanish and English, between patients and medical personnel.

Career Outlook

The increasing demand for professional medical interpreters can be attributed to the need to provide quality care through effective communication and federal laws requiring language assistive services.

Program Learning Outcomes

- Interpret bilaterally into English or Spanish in real time.
- Render oral sight translations from English and Spanish texts.
- Translate English and Spanish documents into target language.
