Program Description

Prepare for a registered nursing (RN) career at MATC. Theory and lab courses on campus set the foundation for your clinical practice. Simulation and guided practice in clinical settings further prepare you for practice as an RN. Graduates are eligible to take the RN licensure exam (NCLEX-RN). Nursing Assistant training is required prior to petitioning for this program.

Career Outlook

Employers will expect graduates to have a plan for completing their Bachelor of Science in Nursing. Some BSN courses may be taken concurrently with the associate degree courses.

Program Learning Outcomes

- Integrate professional nursing identity reflecting integrity, responsibility and nursing standards.
- Communicate comprehensive information using multiple sources in nursing practice.
- Integrate theoretical knowledge to support decision-making.
- Integrate the nursing process into patient care across diverse populations.
- Function as a healthcare team member to provide safe and effective care.
